

EXPERIENCE THE WONDER!

NATURAL HISTORY MUSEUM OF LOS ANGELES COUNTY

The Natural History Museum of Los Angeles County is a national leader in research, exhibitions, and education. Founded in 1913, it is one of the preeminent natural and cultural history museums in the United States, safeguarding more than 33 million specimens and artifacts in its collections. The kid-friendly Discovery Center welcomes children and families with hands-on natural history specimens. The accompanying Insect Zoo, the largest in the Western United States, features live insects from around the world. Permanent exhibit halls include dramatic collections of fossils and dinosaurs, exquisite gems and minerals, grand animal dioramas, a California history hall, and stunning Native American hall, along with ever-changing special exhibitions.
