I joined the CASE Board of Directors two years ago as a director and was honored by my fellow Board members' decision to elevate me to Vice-President earlier this year. As an attorney with approximately eighteen years of experience, almost four of those years in state service with the Employment and Administrative Mandate Section of the Office of the Attorney General, I bring a unique mix of experiences from private and public sectors as well as the knowledge and expertise derived from handling contract and litigation matters for plaintiffs and defendants. I also carry an appreciation of the importance of our union that can only come from over a decade in private practice without representation. I believe in CASE and that, if we work together, we can do great things for our members. While on the CASE Board I have

utilized the skills developed in my practice of law by serving on multiple committees including bargaining, budget, investment & finance, executive, personnel, political action and elections (2021 election) and I look forward to the opportunity to continue to do so in the future with my distinctive background in law, business and accounting. As Vice-President I am committed to building and leading a Board that will welcome various ideas and perspectives and institute change where appropriate as well as increase membership so that we can better leverage the impact of our valuable work and increase resources/benefits for our members.

Team-building is critical to CASE's future success and **current incumbent CASE Directors, President Tim O'Connor (State Fund), Katrina B. Manookian (State Fund), Ryan Smith (DOJ), Nima Razfar (DOJ), and Anthony Seferian (DOJ)** have already proven their commitment to CASE with their prior service, and unselfish dedication of time and commitment. Each of these team members have been a strong voice for our members. I am also pleased with new candidates, **Civil Litigators Seaton Tsai (State Fund), John De Leon (State Fund), and Tucker Wisdom-Stack (Cal-Trans)** that are for the first time running for the CASE Board. I look forward to welcoming them to the Team and putting their litigation skills & experience to work for the fight ahead of us to improve salaries and working conditions and enforce the terms of our MOU and statutory mandates that some Agencies have often chosen to skirt in their past conduct. Together we will usher in a new era of success and unify BU2 members to achieve the compensation, benefits and recognition we all deserve for our important work in keeping California running and prosperous.

We look forward to another opportunity to serve our colleagues in State service. I ask you to vote for me and my other team members above.
